MASTER CLASS 2.0

TEAMS

ORGANIZATION EXCELLENCE AND SUSTAINABILITY

STRONG TEAMS. SMARTER SYSTEMS. SUSTAINABLE SUCCESS.

The Business Teaming environment has changed and is becoming more fluid and entrepreneurial.

The quest for sustainable success in Business and Industry is a priority regardless of the core specialty.

We help you to **RE-ALIGN** your organization's team value proposition for **INCLUSION AND PRACTICALITY** by showing you how to build your own strategies for the greater good.

"HOW TO" EXCURSION.

"Make it Your Business to Know The Business of Performance Excellence!!!"

WHAT YOU WILL LEARN & DO

- Run your own projects with the toolboxes that will assist you in mobilizing project teams, project management, handoff and monitoring for sustainable integration
- Types of Kaizen Improvement tools and when to use them
- Create a KAIZEN Workplace diagram
- Explore the Obvious for "Risk" and "Organization Hazards"
- Draw or expand upon a Process Map / Swim Lane Map
- Direct Process Observation
- Identify the 8 types of waste and develop a Workplace Root Cause Improvement plan
- Identify Lean Improvement metrics: Safety, Quality, Delivery and Cost opportunities
- Establish Accountability Plans to achieve future state sustainability

OUR TEAMING PRINCIPLES

INCLUSION
Everyone Belongs.
Everyone Contributes.
Everyone Matters.

PRACTICALITY
Real World Tools.
Real World Results.
Sustainable Impact.

ALIGNMENT
Common Purpose.
Shared Goals.
Stronger Together.

PERFORMANCE
Measure What Matters.
Improve What Counts.
Celebrate Progress.

SUSTAINABILITY
Building Better Today for a Better Tomorrow.

RE-ALIGN. INCLUDE. IMPROVE. SUSTAIN. FOR THE GREATER GOOD.

Teams that learn together, improve together, and lead the way to a sustainable future.
