

Getting Caught Up Blog #34

I don't know of anyone who at some point in their lives who didn't get caught up in the game of business and/or life. We have all played that role however it is defined. It also tends to have results that are unexpected and not anticipated.

Just one word of advise. Stay awake about the games you play because one can get easily lost.

“You can fake it until you make it, but try not to get caught up in your own game.”
